

19. GSF Sexual Harassment Policy

As Board members of the Global Speakers Federation and as representatives of our respective member Associations, we commit to each other that we will act in an honest manner with one another and that we will make decisions that are in the best interest of the members of the Global Speakers Federation. At the beginning of each Board meeting, Board members voice these values. These are the core values that we use in the conduct of our meetings:

19.1 Honoring Personal Agency

This policy recognizes the agency of all parties involved. The complainant has the right to choose whether to pursue a complaint, to select the preferred process for resolution, and to withdraw from the process at any time.

The respondent is entitled to a fair opportunity to respond to the allegations. Both parties are encouraged to participate actively in the process.

19.2 Terminology

Term	When to Use	Rationale
Complainant	During investigation	Neutral, respects agency
Victim	After findings, impact	Recognizes harm, post-investigation

19.3 Scope & Applicability

1. This policy applies to complaints that are directly received by the Global Speakers Federation (GSF).
2. This policy also guides associations affiliated with or related to GSF on the steps to take when they face any sexual harassment issues internally.
3. If an association facing a sexual harassment issue approaches the Global Speakers Federation (GSF) for support, GSF may offer guidance, resources, and assistance to help address the matter in a manner consistent with the established policy.

In summary, the policy's scope covers both direct complaints to GSF and the responsibility of associations to manage sexual harassment issues, with GSF playing an advisory capacity aimed at fostering consistent integrity and safety practices across affiliated associations.

This policy would apply to all members, employees, volunteers, guests, and participants in all organizational activities, including meetings, events, and online interactions, irrespective of their gender.
